Jamf MSP

What is it?

The Jamf MSP Program enables partners to connect, manage, and protect Apple devices. You'll have access to best-in-class tools, monthly billing, and the scalability your business requires.

Who is this intended for?

As a managed service provider, you help organizations succeed with Apple. Your experience efficiently managing the Apple ecosystem helps customers reduce time to deployment, minimize support costs, and realize ROI for their Apple devices.

What's included?

	Jamf MSP Partner
Jamf Sales Support	Included
Jamf Product Support	Priority Escalated Support
Jamf Online Training	Included
NFR instance of Jamf Pro	Included
Co-marketing Support	Yes
