

# Jamf Support Services Sub-processors

Jamf may engage vendors to provide services on our behalf. Any vendor who may process Customer Content, as defined in [Jamf’s Software License and Services Agreement \(SLASA\)](#), are considered sub-processors and are disclosed below. As set forth in Jamf’s [Data Processing Agreement \(DPA\)](#), Jamf has adequate data transfer mechanisms in place with each sub-processor.

<b>Sub-processor</b>	<b>Location(s) of processing</b>	<b>Purpose of processing</b>
Dropbox	United States	Secure data sharing
Microsoft Corporation	United States	Email communication
Salesforce	Ireland*, United States	Customer relationship management
ServiceNow	United States	Customer support case management
Zoom Video Communications	United States	Online meetings

\* Ireland is the location for some customers of Jamf Security Cloud.

Changes to this sub-processor list will be communicated to all customers.
